Re: Collaboration for security projects

To Whom It May Concern

This letter serves to verify that the Dynamic Alternatives Group (DA) was agreed to partner with Eagle American Security, LLC to provide security services, advisory and consultation as required. DA has had over a decade of operational success and provided high level security solutions for major events such as the Soccer World Cup and IFAA awards. We have also provided a wide variety of services at governmental and presidential level in several countries. In addition, we provide ongoing services to a wide range of top tier corporations (please see the attached letters of reference for more information). As a vetted and cleared company, on the panels of the Australian and South African government departments, we pride ourselves in offering the highest caliber of services with integrity and discretion as key deliverables of any intervention. We have no doubt that we can support Eagle American Security, LLC to provide required services for the 2012 Republican National Convention.

Please feel free to contact me should you require any further information.

Yours sincerely
